RE: Kenner rebuttal to Government Rule 6(e) Reply

To: The Honorable Judge Bianco:

Your Honor, enclosed is the Rebuttal brief and exhibits for my Rule 6(e) submission. I apologize for its delay, but I have been unable to work (via Court order) on my case for the majority of the last two (2) weeks; due to lockdown of the entire building and the re-start of blatant mistreatment by certain staff who previously were reported for targeting and denigrating me through various civil rights abuses.

These issues will be addressed in a follow-up submission (requested to be sealed to protect the helpful people from the abusive at the facility). I will be requesting a modification to the original Court Order for work that specifically details typical human rights like drinking water and using the bathroom; since that seems to be optional depending on the officers personal determination and not a general human right.

Lastly, there was a letter submission by me to the Court following our August 1, 2018 hearing to discuss the government stipulation (never received from the Government and standing of a non-party) and an additional EX PARTE explanation for subpoenas. Neither has been addressed by the Court, nor can I find out if it has even been docketed. Please advise.

Sincerely,

Philip A. Kenner
